- Spare parts such as O-ring kits. See the back of the manual for a list of recommended spare parts.
- Diluent/bailout regulator set & cylinder
- Pressure gauges

## To determine the price of your perfect KISS OS diving system, start with the base price of RETAIL \$4,890.00.

- Add on the price of your preferred display's and/or cable's, should you choose to purchase from us.
- Add on the price of any optional extra's that you would like.
- Email your choices to either [info@kissrebreathers.com](mailto:info@kissrebreathers.com), or your sales agent/dealer, including your shipping address and contact telephone number. If this is a dealer order, then also include the full name of the customer.
- KISS Rebreather LLC will email back a Sales Order, including the shipping cost.

## Display Options:

- |   |                  |
|---|------------------|
| • Shearwater Petrel PPO2 display (no decompression) - Hardwired (no Fischer cable required) | \$ 600.00        |
| • Fischer cable - Hardwired   | \$ 390.00        |
| • Fischer cable - Hardwired to secondary display port                                       | \$ 390.00        |
| • NO display  | <b>no charge</b> |

**\*\*NOTE:** Dealer's and diver's who choose not to purchase a display system from KISS, will need to source their own. Alternatively, any Shearwater system may be purchased from KISS Rebreathers.

For a full list of all available display options & configurations, please see the KISS PPO2 DISPLAY & COMPUTER PACKAGE page.

PRICE IS BELOW.

**Instructions:** Choose one of the packages or build your own customer rebreather using the options below. Once complete, save the document to your computer and then email as an attachment to [info@kissrebreathers.com](mailto:info@kissrebreathers.com).

1. **Choosing a package:** Check the box of the package you wish to purchase to put the price in the total column. Should you wish to add any optional extra's to this order, simply check the appropriate box for the required item. Ensure that for all desired components, there is a price in the total column. The form will automatically provide a total at the bottom of the order section.
2. **Build your own customer rebreather:** Start at #1 Classic Orca Spirit BASIC price to put the price in the total column. Then for each section below, choose an option. Some items will be included in the BASIC kit and there will be no charge; other items will have a charge. For items with a price beside it, check the box to put the amount in the total column. The form will automatically provide a total at the bottom of the order section.
